Statement of intent

The Shrubbery School believes that all pupils are entitled to an education that enables them to achieve their best, become confident individuals living fulfilling lives, and make a successful transition into adulthood.

This policy outlines the framework the school will use in meeting its duties, obligations and principal equality values in providing an appropriate high-quality education for pupils with SEND.

Through successful implementation of this policy, the school aims to eliminate discrimination and promote equal opportunities.

- The school will ensure that the following principles underpin this policy:
- The involvement of pupils and their parents in decision-making.
- The early identification of pupils' needs and early intervention to support them.
- A focus on inclusive practice and removing barriers to learning.
- High-quality provision to meet the needs of pupils with SEND.
- Successful preparation for adulthood, including independent living and employment.

Under the Equality Act 2010, a disability is a physical or mental impairment which has a long-term and substantial adverse effect on a person's ability to carry out normal day-to-day activities. For the purposes of this policy, a pupil is defined as having SEND if they have:

- A significantly greater difficulty in learning than most others of the same age.
- A disability or health condition that prevents or hinders them from making use of educational facilities used by peers of the same age in mainstream settings.
- Special educational provision that is additional to or different from that made generally for other children or young people of the same age by mainstream settings.

1. Legal framework

This policy has due regard to all relevant legislation including, but not limited to, the following:

- Equality Act 2010
- The UK General Data Protection Regulation (GDPR)
- Data Protection Act 2018

This policy has due regard to statutory and non-statutory guidance, including, but not limited to, the following:

- DfE (2015) 'Special educational needs and disability code of practice: 0 to 25 years'
- DfE (2015) 'Supporting pupils at school with medical conditions'
- DfE (2023) 'Working Together to Safeguard Children 2023'
- DfE (2018) 'Mental health and wellbeing provision in schools'
- DfE (2024) 'Keeping children safe in education 2024'
- Equality and Human Rights Commission (EHRC) (2015) 'Reasonable adjustments for disabled pupils'

This policy operates in conjunction with the following school policies:

- Admissions Policy
- Data Protection Policy
- Social, Emotional and Mental Health (SEMH) Policy

- Child Protection and Safeguarding Policy
- Exclusion Policy
- Behaviour Policy
- Complaints Procedures Policy

2. Objectives

Through the implementation of this policy, the school will:

- Use their best endeavours to make sure that pupils with SEND get the support they need to access the school's broad and balanced curriculum.
- Ensure there is high-quality provision to meet the needs of pupils with SEND, with specific focus on inclusive practice and removing barriers to learning.
- Make reasonable adjustments, including the provision of auxiliary aids and services, to ensure that disabled pupils are not at a substantial disadvantage compared with their peers.
- Designate a teacher to be responsible for coordinating SEND provision, i.e. the SENCO.
- Inform parents when they are making special educational provision for their child.

3. Roles and responsibilities

The proprietor will be responsible for:

- Ensuring this policy is implemented fairly and consistently across the school.

The headteacher is responsible for:

- Ensuring the school offers a broad and balanced curriculum, with high quality teaching and a positive and enriching educational experience of for all pupils, including pupils with SEND.
- Ensure the school holds ambitious expectations for all pupils with SEND.
- Establish and sustain culture and practices that enable pupils with SEND to access the curriculum and
- Regularly and carefully reviewing the quality of teaching for pupils at risk of underachievement, as a core part of the school's performance management arrangements.
- Ensure that procedures and policies for the day-to-day running of the school do not directly or indirectly discriminate against pupils with SEND.

The SENCO will be responsible for:

- Collaborating with the headteacher, as part of the SLT, to determine the strategic development of the SEND policy and provision in the school.
- The day-to-day responsibility for the operation of SEND policy.
- The coordination of specific provision made to support individual pupils with SEND.
- Liaising with the relevant designated teacher for LAC with SEND.
- Advising on a graduated approach to providing SEND support.
- Liaising with the parents of pupils with SEND.
- Being a key point of contact for external agencies.
- Liaising with the potential future providers of education to ensure that pupils and their parents are informed about the options, and a smooth transition is planned.
- Working with the headteacher to ensure that the school meets its responsibilities under the Equality Act 2010, regarding reasonable adjustments and access arrangements.

- Providing professional guidance to colleagues, and working closely with staff, parents and other agencies.
- Being familiar with the provision in the Local Offer and being able to work with professionals who are providing a supporting role to the family.

Teachers will be responsible for:

- Planning and reviewing support for pupils with SEND on a graduated basis, in collaboration with parents, the SENCO and, where appropriate, the pupils themselves.
- Setting high expectations for every pupil and aiming to teach them the full curriculum, whatever their prior attainment.
- Planning lessons to address potential areas of difficulty to ensure that there are no barriers to every pupil achieving.
- Being accountable for the progress and development of the pupils in their class.
- Being aware of the needs, outcomes sought, and support provided to any pupils with SEND they are working with.
- Understanding and implementing strategies to identify and support vulnerable pupils with the support of the SENCO.

4. Identifying SEND

The school recognises that early identification and effective provision improves long-term outcomes for pupils. As part of the overall approach to monitoring the progress and development of all pupils, it has a clear approach to identifying and responding to SEND as outlined in the school's SEN Information Report.

With the support of the SLT, classroom teachers will conduct regular progress assessments for all pupils, with the aim of identifying pupils who are making less than expected progress given their age and individual circumstances.

- 'Less than expected progress' will be characterised by progress which:
- Is significantly slower than that of their peers starting from the same baseline.
- Does not match or better the pupil's previous rate of progress.
- Fails to close the attainment gap between them and their peers.
- Widens the attainment gap.

The school plans, manages and reviews SEND provision across the following four broad areas of need:

- Communication and interaction.
- Cognition and learning.
- Social, emotional and mental health difficulties.
- Sensory and/or physical needs.

5. Safeguarding

The school recognises that evidence shows pupils with SEND are at a greater risk of abuse and maltreatment, so will ensure that staff are aware that pupils with SEND:

- Have the potential to be disproportionately impacted by behaviours such as bullying.
- May face additional risks online, e.g. from online bullying, grooming and radicalisation.

- Are at greater risk of abuse, including child-on-child abuse, neglect, and sexual violence and harassment.

The school recognises that there are additional barriers to recognising abuse and neglect in this group of pupils. These barriers can include, but are not limited to:

- These pupils being more prone to peer group isolation or bullying (including prejudice-based bullying) than other pupils.
- The potential for pupils with SEND or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs.
- Communication barriers and difficulties in managing or reporting these challenges.
- A different cognitive understanding and being unable to understand the difference between fact or fiction in online content.

The headteacher will ensure that the school's Child Protection and Safeguarding Policy reflects the fact that these additional barriers can exist when identifying abuse. When using physical intervention and reasonable force in response to risks presented by incidents involving pupils with SEND, staff will have due regard for the procedures outlined in the school's Physical Intervention Policy.

Care will be taken by all staff, particularly those who work closely with pupils with SEND, to notice any changes in behaviour or mood, or any injuries, and these indicators will be investigated by the DSL in collaboration with the SENCO.

School staff will be particularly alert to the potential need for early help for pupils with SEND and additional needs.

Any reports of abuse involving pupils with SEND will involve close liaison between the DSL and the SENCO.

6. SEND support

The school recognises that high quality teaching, which is differentiated for individual pupils, is the first step in responding to pupils who have or may have SEND.

Teachers at the school will:

- Set high expectations for every pupil.
- Plan stretching work for pupils whose attainment is significantly above the expected standard.
- Plan lessons for pupils who have low levels of prior attainment.
- Use appropriate assessment to set targets which are deliberately ambitious.
- Plan lessons to ensure that there are no barriers to every pupil achieving.
- Be responsible and accountable for the progress and development of the pupils in their class, including where pupils access support from teaching assistants or specialist staff.

Decisions on whether to make special educational provision for pupils will be based upon:

- Discussions between the teacher and SENCO.
- Analysis of the pupil's progress – using internal formative and summative assessments, alongside national data and expectations of progress.
- Discussion with the pupil and their parent.

Once a pupil has been identified with SEND, the school will employ a graduated approach to meeting the pupil's needs. This will be through the adoption of a four-part cycle – assess, plan, do, review – whereby earlier decisions and actions are revisited, refined and revised with a growing understanding of the pupil's needs and of what supports the pupil in making good progress and securing good outcomes. The process is as follows:

1. Assess: establishing a clear assessment of the pupil's needs
2. Plan: agreeing the adjustments, interventions and support to be put in place, as well as the expected impact on progress, development or behaviour, along with a clear date for review
3. Do: implementing the agreed interventions and support
4. Review: analysing the effectiveness of the interventions and their impact on the pupil's progress in line with the agreed review date

Where higher levels of need are identified, the school will offer parents specialised assessments from external agencies.

As an independent school The Shrubbery school is not able to access additional funding for SEND therefore SEND support may require additional funding from parents in order to meet a pupils required Special Educational Provision.

EAL

The school is aware that there may be pupils at the school for whom English is not their first language and appreciates that having EAL is not equated to having learning difficulties. At the same time, when pupils with EAL make slow progress, it will not be assumed that their language status is the only reason; they may have SEND.

The school will consider the pupil within the context of their home, culture and community and look carefully at all aspects of a pupil's performance in different subjects to establish whether the problems they have in the classroom are due to limitations in their command of English or arise from SEND.

EHCP

The majority of children with SEND will be able to have their needs met through SEN Support, but, in more complex cases, the school may suggest application to the local authority for further assessment if it is thought that a Health and Care Plan (EHCP) may be needed. This application may be made by the parents, with the school's support. The EHCP will place emphasis on personal goals and will describe the support received. The EHCP will be created by the local authority.

Please note the Shrubbery School cannot access Local Authority funding to support an EHC Plan.

7. Early years pupils with SEND

All early years providers are required to have arrangements in place to identify and support children with SEND and to promote equality of opportunity for children in their care. These requirements are set out in the EYFS framework.

The school will ensure all staff who work with young children are alert to emerging difficulties and respond early.

The school will:

- Ensure that staff listen and understand when parents express concerns about their child's development, as well as listening to any concerns raised by children themselves.

- Monitor and review the progress and development of all children throughout the early years.
- Use its best endeavours to make sure that a child with SEND gets the support they need.
- Ensure that children with SEND engage in the activities of school alongside children who do not have SEND.
- Provide information for parents on how it supports children with SEND.
- Inform parents when the school makes special educational provision for their child.
- Follow a graduated approach to assessing, planning, implementing, and reviewing provision and progress – the ‘assess, plan, do, review’ cycle.

8. Admissions

All children are admitted to the school according to the school’s admissions criteria, set out clearly in the Admissions Policy.

9. Transition

The school is aware of the importance of planning and preparing for the transitions between phases of education and preparation for adult life.

Where pupils have EHC plans, these will be reviewed and amended in sufficient time prior to a pupil moving between key phases of education, to allow for planning for and, where necessary, commissioning of support and provision at the new setting.

10. Involving pupils and parents in decision-making

Where a pupil is receiving SEND support, the school will regularly liaise with parents in setting outcomes and reviewing progress. The class teacher and/or SENCO will meet with the parents three times each year.

The planning that the school implements will help parents and pupils with SEND express their needs, wishes and goals, and will:

- Focus on the pupil as an individual, not allowing their SEND to become a label.
- Be easy for pupils and their parents to understand by using clear, ordinary language and images, rather than professional jargon.
- Highlight the pupil’s strengths and capabilities.
- Tailor support to the needs of the individual.

11. Supporting successful preparation for adulthood

The school is aware that being supported towards greater independence and employability can be life-transforming for pupils with SEND. It recognises the importance of starting early, centring on pupil aspirations, interests and needs, and will ensure that pupils are supported at developmentally appropriate levels to make a smooth transition to what they will be doing next, e.g. moving on to higher education.

The school will:

- Seek to understand the interests, strengths and motivations of pupils and use this as a basis for planning support around them.
- Support pupils so that they are included in social groups and develop friendships.
- Ensure that pupils with SEND engage in the activities of the school together with those who do not have SEND and are encouraged to participate fully in the life of the school and in any wider community activity.
- Engage with secondary schools, as necessary, to help plan for any transitions.

12. Managing complaints

The school will publish the Complaints Procedure Policy on the school website.

13. Staff training and improving practice

The school is committed to the learning and development of all its staff members and training opportunities will be provided.

The school SENCO will assess staff competencies and ensure that CPD provision allows staff to develop their awareness, skills, and practices in identifying, educating, and assessing pupils with SEND.

14. Use of data and record keeping

The school's records will:

- Record details of additional or different provision made under SEND support, with accurate information to evidence the SEND support that has been provided over the pupil's time in the school, as well as its impact, e.g. through the use of provision maps.
- Maintain an accurate and up-to-date register of the provision made for pupils with SEND.
- Be kept securely so that unauthorised persons do not have access to it, so far as reasonably practicable.

15. Monitoring and review

The policy is reviewed on an annual basis by the headteacher in conjunction with the SENDCO and relevant stakeholders.

All members of staff are required to familiarise themselves with this policy as part of their induction programme.
